NEW VEHICLE LIMITED WARRANTY

One of the Industry's Strongest Standard Warranties. And Then Some.

FUSO protects your new FE GAS investment with a generous warranty package†. We combine our 3-year/58,000-kilometer bumper-to-bumper, 5-year frame coverage, and 5-year/120,000-kilometer powertrain individual warranties into a single standard warranty. We even extend the Allison warranty to include transmission coverage for 5 years and unlimited mileage. **Here's what's included:**

• 3-Year/58,000-Kilometer Basic Coverage

For the first 36 months or 58,000 kilometers, whichever comes first, any originally installed component of the truck (excluding batteries, tires, and custom-made rear bodies and accessories), under normal use and maintenance, will be repaired or replaced by an authorized dealer, using genuine FUSO parts, at no charge for parts and labor.

• 5-Year Frame Coverage

Upon expiration of the 36-month/58,000 kilometers Basic Coverage, this New Vehicle Limited Warranty will continue to cover the frame up to a maximum of 60 months/unlimited mileage from the warranty start date.

• 4-Year Anti-Corrosion Perforation Coverage

For the first 48 months after the warranty start date, regardless of mileage, any cab sheet metal panel found to have developed perforation (rust-through), under normal use and maintenance, will be repaired or replaced at no charge for parts and labor.

• 5-Year/120,000-Kilometer Powertrain Limited Warranty

Upon expiration of the 36-month/58,000-kilometer Basic Coverage, the New Vehicle Limited Warranty will continue to cover the powertrain components listed in the "Detailed Coverage" section of your truck's Warranty Policy, until the truck reaches five years or 120,000 kilometers.

• 5-Year/Unlimited Mileage Transmission Warranty

We've added a 2-year extension to the standard 3-year Allison Transmission†† Warranty. Your truck's transmission is now covered by a 5-year/unlimited mileage warranty. See your local certified Allison Transmission Service Center for more details.
